## CORE LANGUAGES

- Programming in C
- Python Development
- JavaScript (ES6+)
- Core Web Architecture

## WEB TECHNOLOGIES

- HTML5 & CSS3 Layouts
- Interface Optimization
- Responsive Frameworks
- Front-End Engineering

## TOOLS & COMPETENCIES

- MS Office Suite
- Excel & Data Entry
- Document Automation
- Information Management
- Git & Version Control

# KAUSHIK PRADHAN

## COMPUTER SCIENCE UNDERGRADUATE & WEB DEVELOPER

## PROFESSIONAL PROFILE

Highly motivated and analytical Computer Science and Engineering undergraduate specializing in Artificial Intelligence and Machine Learning. Possesses a comprehensive understanding of modern full-stack web architectures, client-side optimizations, and database structure foundations. Combines a meticulous attention to detail honed through rigorous data entry, spreadsheet modeling, and document management workflows with software programming capabilities in Python and C. Seeking an entry-level technical role or professional internship to contribute development skills and streamline technology systems.

## TECHNICAL PROJECTS & EXPERIENCE

### Web Developer & Front-End Contributor

Ongoing

KIIT Entrepreneurship Cell (E-Cell) Official Platform

- Engineered architectural layout modifications and front-end features for the university's principal entrepreneurship portal, optimizing accessibility for thousands of users.
- Configured custom responsive components to secure seamless cross-browser scaling and layout uniformity across student engagement and startup dashboards.
- Collaborated in internal review loops to debug design constraints and optimize page delivery speeds.

## EDUCATION

### Kalinga Institute of Industrial Technology (KIIT)

Pursuing

B.Tech in Computer Science (Specialization in AI & ML) — Bhubaneswar, Odisha

Actively engaged in deep-diving into object-oriented frameworks, fundamental algorithmic logic, data structures, and foundational neural network abstractions as part of a specialized training curriculum in computer systems intelligence.

**Saraswati Vidya Mandir Residential Higher  
Secondary School**

2022 – 2024

*Higher Secondary Education (Class XII) — CHSE Odisha (Science Stream) — Gatiroutpatna, Cuttack*

Completed an intensive residential science curriculum under the Council of Higher Secondary Education (CHSE), Odisha. This program emphasized structural logic, advanced scientific paradigms, and computational problem-solving workflows.

- **Academic Distinction:** Achieved an aggregate score of **89.5%**.
- **Core Coursework:** Advanced Mathematics, Physics, Chemistry, and Information Systems.
- **Key Competencies Developed:** Analytical reasoning, quantitative data synthesis, laboratory methodologies, and structural time management through a demanding residential academic environment.

**Saraswati Shishu Vidya Mandir**

2020 – 2022

*Secondary School Education (Class X) — BSE Odisha — Adarsh Nagar*

Acquired a comprehensive foundational education under the Board of Secondary Education (BSE), Odisha. The curriculum emphasized logical mathematics, holistic sciences, languages, and general data literacy.

- **Academic Distinction:** Graduated with an outstanding aggregate score of **89.5%**.
- **Core Focus Areas:** Foundational Mathematics, Physical & Life Sciences, Social Studies, and Computer Fundamentals.
- **Key Achievements & Skills:** Formed deep analytical thinking capabilities, excelled in regional science exhibitions, and maintained a top-tier standing in academic data analytics and mental mathematics exercises.

**HONORS & CAMPUS ENGAGEMENTS**

- **Hackathon Excellence:** Secured 2nd Place at an institutional hackathon featuring custom engineering solutions driven by Google Gemini AI architectures.
- Sustained involvement across campus tech sprints, open-source documentation practices, and local data organization networks.
